For

## TIGAR – BOARD of DIRECTOR

Hi, my name is Sarah Oswald, and my passion is real estate, ethics and education. Growing up in an investment family which started with one SFR to several apartment complexes over 150 units is easy to say I got the passion very early in life. Property management, contract and negotiation is like a second language to me. My journey started as loan processor, mortgage consultant, mobile notary entrepreneur which lead to becoming a realtor in 1997 and obtaining my broker's license in 2013.

I have been involved with 3 different boards: OCAR-Orange County Association of Realtors, SCCAR-Santa Clara County Association of Realtors and Tigar-The Inland Gateway Association of Realtors. My motto is to always continue the pursuit of learning to better myself so that I can give my clients the best service possible.

Committees I have been involved with Tigar:

1 year as membership committee

2 years as Grievance committee

3 years as Professional Standard committee

2 years as Education committee and your education Chairperson for 2018

The opportunity given to me to participate at our state capital legislative day only instilled in me the need to volunteer my time and resources toward a greater scale. My goal goes beyond clients and local community. It is now the desire to inspire, lead and be the voice that will protect our profession, homeownership, and to help Tigar reach its Zenith.

I am honored and humbled to receive your VOTE to be your Board of Director for 2019-2020.
